### *Sandwich* **THE SALTY PIG**

Chef Kevin O'Donnell may have some of the best charcuterie in town, but our favorite part of his lunch menu is the innocent-looking list of sandwiches. When you chow down on the explosively flavorful crispy pork-head terrine with pickled veggies, fine herbs and house mayo, you realize you're a humble novice in this chef's lunchtime court. Skip the side salad and go with the chips—it's better for you.
